## Eagle Scout Service Project Proposal

Once your proposal has been fully approved and you have finished your project planning, only then, may you begin work on your project.

## Beginning Work on Your Project

Your designated coach can help you avoid the common pitfalls associated with Eagle Scout service projects and be a big part of your success. You may also want to talk to your unit leader. There may be adults in your troop who are experts in conducting the kind of project you are planning. It's ok for you to work with them as well. The more coaching you get, the better your results will be.

Once your proposal is approved, you are **strongly encouraged** to prepare your project plan using the form in this workbook. Doing so increases the likelihood your project will be approved at your Eagle Scout board of review. As you begin preparing it, you should meet with a project coach. Check with the person who handled the approval of your project proposal to learn how coaches are designated in your community.

## Next Step: Your Project Plan

Again, be sure to read carefully "Navigating the Eagle Scout Service Project" so you will have a full understanding of the role of your beneficiary.

"Navigating the Eagle Scout Service Project" will help you communicate a number of things to your beneficiary. For example, it provides thanks and congratulations for accepting the project; and it gives some background, discusses the requirements, and points out the responsibilities connected with approving your project proposal. It also explains that the beneficiary has the right to review, and also to require changes in your project plan.

On the last two pages of this workbook there is an information sheet called, "Navigating the Eagle Scout Service Project." This is for you to print and give to the religious institution, school, or community that will benefit from your efforts. You should do this as part of your first meeting with your beneficiary and use the sheet to help explain how the Eagle Scout service project works. Be sure to read it carefully so you can explain what it says.

## Working with Your Project Beneficiary

Consider also, that if you submit your proposal too close to your 18th birthday, it may not be approved in time to finish planning and executing the project.

If your project does not require materials or supplies, etc., simply mark those spaces "not applicable." As a reminder, do not begin any work, or raise any money, or obtain any materials, until your project proposal has been approved.

When completing your proposal you only need enough detail to show a reviewer that you can meet the tests above. If showing that you meet the tests requires a lengthy and complicated proposal, your project might be more complex than necessary. Remember, the proposal is only the beginning of planning. Most of your planning will come with the next step, preparation of your project plan.

### 5. You are on the right track with a reasonable chance for a positive experience.

4. Action steps for further detailed planning are included. You must make a list of the key steps you will take to make sure your plan will have enough details so it can be carried out successfully.

3. Safety issues will be addressed. You must show you have an understanding of what must be done to guard against injury, and what will be done if someone gets hurt.

2. It appears to be feasible. You must show the project is realistic for you to carry out.

1. It provides sufficient opportunity to meet the Eagle Scout service project requirement. You must show that planning, development, and leadership will take place; and how the three factors will benefit a religious institution, a school, or your community.

Your proposal must be prepared first. It is an overview, but also the beginnings of planning. It must show your unit leader, unit committee, and council or district that your project can meet the following tests.

Eagle Scout candidates should know who is involved, but contact information may be more important to unit leaders and others in case they want to talk to each other. While it is recognized that not all the information will be needed for every project, Scouts are expected to provide as much as reasonably possible. Approval representatives must understand, however, that doing so is not part of the service project requirement.

Tell how your project will be helpful to the beneficiary. Why is it needed?

**Include images on an additional document.**

The booth will be 6ft x 6ft with a roof, floor, bench and table.

there is only a picnic table to sit at. That is why I want to build a scorekeeper booth. I will be building it with the young men in Boy Scout Troop 302.

My Project is to build a ScorekeeperBooth with 2x4, 2x6, plywood, metal roofing and screws. There is not a current score booth at the baseball field

Briefly describe your project

## Project Description and Benefit

Supplies to be used:  
 Water  
 Snacks  
 Gasoline  
 Garbage Bags  
 Power Cords  
 Paint Brushes  
 Safety Glasses  
 Hearing Protection  
 Gloves  
 Marking Pens/cils

**Supplies** Supplies are things you use up, such as food and refreshments, gasoline, masking tape, tarps, safety supplies and garbage bags. What types of supplies, if any, will you need? You do not need a detailed list or exact quantities, but you must show you have a reasonable idea of what is required.

Materals that will be used will include:  
 Lumber- 2x4, 2x6  
 Plywood  
 Nails  
 Screws  
 Paint  
 Pier Blocks  
 Road Base

**Materials** Materals are things that become part of the finished project, such as lumber, nails and paint. What types of materials, if any, will you need? You do not need a detailed list or exact quantities, but you must show you have a reasonable idea of what is required. For example, for lumber, use basic dimensions such as 2x4 or 4x4.

I think that the most difficult part about leading this group of boys is trying to keep the boys on task and motivated. What do you think will be most difficult about leading them?

I will be recruiting Family, Friends and from Troop 302. Where will you recruit them (unit members, friends, neighbors, family, others)?

Approximately how many people will be needed to help on your project? **10-15 people**

## Giving Leadership

**Tools** What tools or equipment, if any, will you need? You do not need a detailed list, but you must show you have a reasonable idea of what is required.

Include tools, and also equipment, that will be borrowed, rented, or purchased.

Tools to be used:

- Chop Saw
- SKILL Saw
- Screwdriver
- Level
- Ladders
- Tape Measure
- Drill
- Drill Bits
- General Tools
- Shovel
- Posthole Diggers

**Other Needs** Items that don't fit the above categories; for example, parking or postage, or services such as printing or pouring concrete, etc.

What other needs do you think you might encounter?

## Permits and Permissions

Will permissions or permits (such as building permits) be required for your project? Who will obtain them? How long will it take?

Note that property owners should obtain and pay for permits.

No Permits are needed.

trucks, helpers will drive and carpool together.

We will be building the booth in pieces and transporting them to the baseball field on a trailer towed by a pickup truck. Tools will be transported in

How will you handle transportation of materials, supplies, tools, and helpers?

Think of your project in terms of phases, and list what they might be. The first may be to prepare your project plan. Other phases might include fundrasing, preparation, execution and reporting. You may have as many phases as you want, but it is not necessary to become overly complicated; brief, one line descriptions are sufficient. If you have more than 10 phases, attach a separate page with your continued phase list.

## Project Phases

Enter your estimated expenses below	(include sales tax if applicable)
Materials:	\$1,500.00
Supplies:	\$300.00
Tools:	No Cost
Other:	\$200.00
Total Costs:	\$2,000.00

I will be sending out donation letters to local business, family and friends.

Intend to seek donations of actual materials, supplies, etc., then explain how you plan to do that, too.

**Fundraising:** Explain how you will raise the money to pay for the total costs. If you intend to seek donations of actual materials, supplies, etc., then explain how you plan to do that, too.

You do not need exact costs yet. Reviewers will just want to see if you can reasonably expect to raise enough money to cover an initial estimate of expenses. Include the value of donated materials, supplies, tools, and other items. It is not necessary to include the value of tools or other items that will be loaned at no cost. Note that if your project requires a fundraising application, you do not need to submit it with your proposal.

Preliminary Cost Estimate

in the project.

Some steps I have to have a more detailed layout in the final plans with all the final measurements, costs, and service hours for all helpers involved

List some action steps you will take to prepare your project plan. For example, "Complete a more detailed set of drawings."

You do not have to list every step, but it must be enough to show you have a reasonable idea of how to prepare your plan.

## Project Planning

Falling Debris

Losing limbs

Healt llineesses

Falling off ladders

Some of the safety issues that the helpers should be aware of are:

Read the "Age Guidelines for Tool Usage" at [Scouting.org](http://Scouting.org)

Describe the hazards and safety concerns of which you and your helpers should be aware.

The Guide to Safe Scouting is an important resource in considering safety issues.
